Work Experience

Walmart, Conway SC: 04/01/2021 - 11/10/2022

Electronics Sales Associate

Exceeded daily sales targets and delivered excellent tech support, building strong product knowledge and customer satisfaction.

Metro by T-Mobile, Myrtle Beach, SC: 11/10/22 - Current

Telecommunications Sales Associate

As a Sales Associate at Metro, I engaged customers through proactive questioning to offer optimal pricing solutions for our new in-store devices. Despite occasional challenges, my strong communication skills influenced most customers to purchase devices and accessories. This role honed my communication abilities and deepened my understanding of consumer cellular technology.

myAnalyst, Myrtle Beach, SC: 05/13/24 - Current

Developer / Data Analyst

A data analyst/developer with experience in creating and optimizing data-driven solutions. Proficient in Power BI for big data analytics and reporting, with expertise in Python scripting for data ingestion and cleaning. Experienced in SQL, Azure web applications, and managing Azure resources like Power BI Embedded. Strong background in leveraging Microsoft tools, including Fabric and Power Automate, to streamline workflows and enhance automation. Successfully delivered insights and solutions for high-profile clients, including Jiffy Lube franchises.
